Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: This application cannot be published as a patent because the declaration is improper. The declaration identified the first inventor J.J. Garcia-Luna-Aceves by family name only. At least the full given name without abbreviation (i.e. initials) must be provided per 37 C.F.R 1.63(A)(2). The declaration must be corrected before the patent can be published. The examiner requested that John P. O'Bannon correct as soon as possible because the subject application is a printer rush. .
